Subject Specific Vocabulary	
Key word	Definition
Printing	The art of producing an image by pressing with an incised (cut) or raised surface.
Stencil	A template made by cutting away details to create a physical negative for spreading ink through to create a positive image
Monochromatic	Monochromatic colours are all the tones, tints and shades of a single hue (colour).
Stylisation	The simplifying of detail within an image or design.
Motif	A form or shape in a design or pattern.
Traditional	Art that is part of the culture of a group of people. Skills and knowledge are passed down through generations
Geometric shape	Shapes that are defined in mathematics and have common names. They have clear edges or boundaries (eg. Square, triangle)
Organic shape	Shapes that have no names or defined properties. They can often be found in nature and are individual creations of the artist.
