PE Sports Premium Strategy 2022-2023

During the academic year 2020-21, the government have allocated £18,605 to the school. A proportion of this figure is due to monies being rolled over from the previous strategy due to the Coronavirus Pandemic having an effect on the West Lancashire Sports Partnership (WLSP) organization. Funding must be used to make additional and sustained improvements to the quality of PE and sport they offer.

Our strategy for 2022-23 focuses on achieving the following outcomes:

- New opportunities for pupils to be active found and motivational
- Increased participation in sports, physical activity and active clubs
- Develop a targeted approach to intra-school competition to support pupils accessing competitive sport during Coronavirus restrictions
- Continued participation in TASA has removed barriers for pupils to represent the school in competitions, including virtual competitions due to Coronavirus restrictions, and a higher proportion of pupils have represented the school (target 95%)
- Achieve the Gold School Games Mark – we may be eligible for the Platinum Award

How and when will this be monitored?

The strategy will be monitored by the PE Subject Leader and the Headteacher through observation, pupil attitudinal questionnaires, learning walks, analysis of registers and data analysis. This will be shared with the PE nominated governor and Full Governing Body.
